# CFK VALLEY BELGIUM

CFK Valley Belgium is a satellite network of CFK Valley, set up by the Belgian technology federation **Agoria** and the collective research center **Sirris**. This gives some **200 Belgian companies** access to the European network of composites companies and scientists. In Belgium, the composites sector employs more than **3,000 people**.

THE PURPOSE OF THE **BELGIAN NETWORK** IS TO BOOST  
AND LEVERAGE:

- Research & development
- Access to infrastructure
- Partnering & match-making
- Business development for our Belgian members

**Account management:**

**Julie Leroy**  
julie.leroy@agoria.be

**Technical contact:**

**Markus Kaufmann**
